

CORE CUTTING AND FIXING THE FOUNDATION BOLT FOR THE COKE OVEN PROJECT

Problem:

- The client wants to use the existing foundation for the base of the MS Chimney.

Solution:

- Core cutting: 150 MM dia hole at a depth of 1500 MM.
- Fixing Foundation bolt: M:24 X 1800 grout with non shrink high strength grout material.
- We completed the entire work within a week.
